THE BEDALES LIVESTREAM SESSIONS

Starting off the Spring term with a bang, The Bedales Livestream Sessions will showcase our talented contemporary musicians performing in a more intimate setting. These performances will be livestreamed from the theatre, with no audience. We are constantly finding new ways to cope with our unprecedented situation and it is a real positive that we are able to create new ways to share music with more audiences

6.2 A LEVEL PERFORMANCES

Tues 2 - Wed 3 March
19:30 - 21:00, Theatre

This year our A Level students will be performing their 'Text in Action' devised pieces in the theatre. These performances are one part of their Component 2, and are a culmination of two years of extremely hard work and dedication. These pieces are accompanied by naturalistic monologues performed in the Drama Studio, earlier in the day. Although not usually open to anyone, we hope to utilise our newfound livestreaming abilities to get this extra work shown.

Tues 9 - Wed 10 March
19:30 - 21:00, Theatre

BEDALES DANCE PERFORMS

Students across Bedales, from Block 4 all the way up to 6.2, have been busy choreographing and rehearsing in preparation for Bedales Dance Performs. The talent and enthusiasm of our dance students is showcased during the course of the evening, which will include pieces for BAC and A Level dance, alongside work created outside the curriculum. The range of works derive from a wonderfully wide range of stimuli including professional choreographic styles to concepts and ideas from both the exam boards and the students.

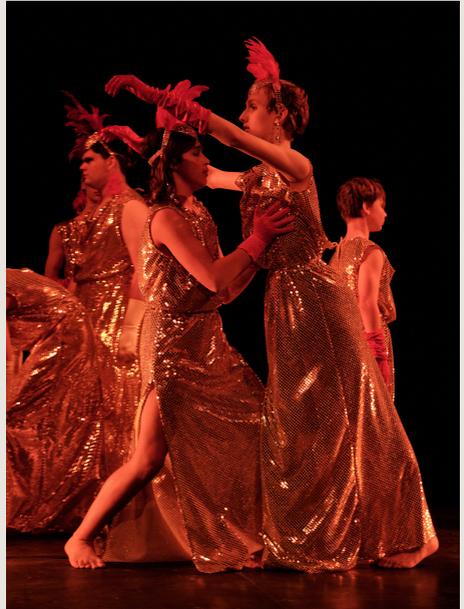

BAC SCRIPTED PERFORMANCES

Wed 17 - Thurs 18 March
19:30 - 21:00, Theatre

For our BAC Scripted pieces, Block 5 students will be directed in scripted performances, influenced by contemporary practitioners.

Performing in the theatre is a unique and exceptional experience for these young dramatists and they would love for you to come and support them.

SPRING PRODUCTION

MACHINAL by Sophie Treadwell

The Spring Production is a brand new edition to our Home Grown programme. Social distancing has impacted the way theatre is being made around the world, and we are no exception. Yet, we have created something new from this challenging situation.

DRAMA

Wed 24 - Thur 25 March
19.30-21.00, Theatre

6.1 students will perform *Machinal* by Sophie Treadwell; a searing, political play about women in the workplace. Although it was written in the 1920s, Treadwell's play remains poignant today.
